

Sail over  
water  
hazards.

---

Ahh... the green grass of the golf course. The green of money. The green jacket of The Masters – a replica anyway – and yes, a way to make others green with envy. It's your chance to win a trip to the 2004 Masters Tournament in Augusta, Georgia, as well as a golf bag full of prizes.

**PROGRAM BENEFITS:**

Georgia-Pacific papers are highly qualified to take on most hazards, from the rigors of a busy digital press or overworked company copiers to the stress of a data center's machines.

What's more, Georgia-Pacific is a name people trust, so customers get the quality and dependability they need. GP brand cut size papers easily meet demands, such as outstanding color reproduction (green golf courses will look grass green), and excellent runability (on and off the press as effortlessly as Tiger heads up the leader board). And you can leave your sand wedge at home because they even stay on course in overworked in-plant operations.
